Transformative Hair Color Services

Thinking of a major change, like going from brunette to blonde, rich black to honey caramel, or adding dimension with lowlights and tipped ends?

These custom color transformations go far beyond a basic root retouch or one-dimensional tone. They are personalized to your hair history, texture, and dream results, and require expert attention, time, and care.

Because no two transformations are alike, this service is billed hourly and not available for online booking. An in-person or phone consultation is required before scheduling.

♥ Rate: \$125–\$250/hour (based on time, length, and complexity)

📍 Serving clients from Mequon, Thiensville, Grafton, Cedarburg, and Milwaukee North Shore

Let's plan something stunningly you. I'll walk you through every step, from formulation to finish.

Your hair will thank you later.

Important Notes About Brow Services

At Nousha's Hair Studio, no two brows are the same—and neither is the artistry behind them.

Some clients walk in with full brows needing just a soft shape or definition. Others come in with asymmetrical growth, sparse hair, or even previous permanent makeup that needs correction. These are entirely different canvases—and they require different levels of time, care, and precision.

Here's what to know before booking your brow transformation:

Brow Work is Not One-Size-Fits-All

Whether you're coming in with 80% of your natural brow hair intact or starting from scratch (0% growth), we will tailor your service to fit your unique needs. Sparse or missing brows, heavy asymmetry, or complex corrections often require multiple steps and layered techniques to achieve natural-looking results. Pricing reflects this customized approach.

Color & Shape Corrections from Previous Artists

If you've had permanent makeup or microblading done by another artist—especially if there's pigment fading, discoloration, or uneven shaping—a full consultation is required. Corrective work is a delicate and advanced process, and there will be an additional charge depending on the complexity of the work needed.

Waxing & Grooming Policy

Routine brow grooming, waxing, or threading is not included with semi-permanent services unless there is a current promotion. These can be booked separately or bundled with your treatment during the consultation.

Let's Find Your Perfect Brow

We don't believe in cookie-cutter brows. Every shape is mapped and customized to your facial structure, lifestyle, and preferences. That's why your first consultation is always complimentary—we'll assess your brows, discuss your goals, and go over any adjustments needed before beginning.
